

Case Review Consultation Meetings

Goals of the Case Review Meetings

- Review, discuss and recommend responses to complex cases that require a creative intervention plan.
- Provide objectives and recommendation(s) to help professional staff in their work with their clients. Participants will improve their therapeutic responses and clinical skills using a trauma-informed approach to practice.

Reason for the Presentation

- It presents a unique challenge for the worker who needs help with a specific case.
- It illustrates the effectiveness of an intervention strategy so others can learn from it.

Guidelines

- Myra will facilitate a virtual staff discussion whereby each case will be reviewed objectively, taking into account the written presentation, professional staff input and Myra's clinical expertise.
- The Case Manager is responsible for completing the Case Review Form prior to this meeting, presents the case to the staff members and addresses questions raised by the participants.
- The cases will be emailed to Myra prior to each meeting.
- All cases remain strictly confidential. No name or identifying information appears on the form or is shared with group participants.

Intended participants: Professional Case Managers

Duration

Monthly virtual 1½ hour sessions.
